

# Learn More About DSHA's Homes for Grads Program!

Good afternoon, Ambassadors!

Do you know about DSHA's Homes for Grads Program? The program offers discounted rates on our down payment assistance loans for homebuyers who have graduated college with a four-year degree or higher in the last three years.

Participants receive a reduced mortgage rate of 50 basis points or one-half of a percentage when using one of DSHA's Preferred Plus loans. Last year, Brittany Robinson and Stephanie Miller were able to take advantage of our program and turn their dreams of homeownership into a reality!

We appreciate your efforts to promote DSHA's products throughout our state and are always looking for ways to help you reach more potential homebuyers.

Sincerely,  
DSHA Housing Finance and Public Relations Staff
