

A Message From DSHA

Good afternoon,

Please know that during these difficult times, we are continuing to work diligently to provide affordable housing options for Delawareans. DSHA is funding loans and will continue to do so through these uncertain times. Most of our staff are working remotely and are available to help with any assistance you may need. DSHA remains committed to ensuring that we are accessible and responsive to our customers and partners during this time.

The mortgage market has seen a lot of volatility in the last few weeks. Due to this market volatility, DSHA has been unable to produce pricing for certain loan products. However, we are still operational, and the majority of our loan products continue to be available to home buyers in Delaware. We want Delawareans who are trying to buy a home during this difficult time to know that DSHA is here to help them.
