

## We have integrated to the new Mitas portal!

Please use the new version of Mitas for all day-to-day operations. Click [here](#) for the link to the new version. The originating number will be your lender number and the log in information will be the same as the old system.

Please keep in mind that if you made any reservations or changes in the old system this week, DSHA will not be able to see them. You will need to make these changes in the new system immediately.
